Thanks, Rob. I apologize for the confusion on my end. AEG didn't end up sampling the wells until 2/1 and they were also not clear on the schedule (probably my fault), so if they could have until the end of this week to submit the report that would be great. This shouldn't require any other changes to the schedule.

Thanks,
Zach

yes, that is correct. The due date was changed from 3/15 to 2/28 as a consequence of our meeting discussions.

Deborah,
When I checked in with AEG today about the next deadline in the draft amendment, I realized that the 2/28 deadline in the draft amendment is actually different than the deadline indicated on the proposed schedule circulated by Rob prior to our meeting (attached). That schedule showed the deadline for the draft RI report from the late-January work as 3/15, instead of 2/28 as shown on the proposed amendment. I missed that when I reviewed the amendment the first time, but I just checked again and my notes don't show any change to the 3/15 deadline in Rob's original proposed schedule. Of course it's possible I missed something in my notes. Do you or Rob's notes show that the deadline for the RI report from the January work was changed from 3/15 to 2/28? I apologize for any confusion.

Thanks,
Zach

Thanks for your response, Zach. Attached is a pdf of the amendment that contains the revision to paragraph 2.11. Once you confirm with your client that the dates ok, please print this single-sided, have it signed and returned to me. I'll send a conformed copy to you after the EPA Office Director has signed it. We'd like to get this finalized within the next two weeks. Please contact me with questions.

Hello Zach,

I'm just checking on the status of your review of the Smitty's AOC amendment. I also want to notify you of the revision that EPA management has requested to paragraph 2.11 below in strike-out and blue:

2.11.

In lieu of the
quarterly
progress
reports

described in paragraph 7.5 of the AOC, Respondent shall submit the reports described in this Section. Respondent shall submit a progress report six months after the date it begins to implement the Final Corrective Action Plan, and shall continue to submit progress reports every six months thereafter until implementation of the Final Corrective Action Plan is completed approved by EPA in writing.

Please contact me with any questions or proposed revisions by February 11th. Thank you.
